Kathy Saux of Waveland

Waveland's entry wins rodeo queen

Mrs. Katherine (Kathy) Saux, 17-year old daughter of Mr. and Mrs. Roy Leonard Saux of Waveland, won the title of the 19th Mississippi Deep Sea Fishing Rodeo Queen Saturday night in the pageant at Broadwater Beach Hotel.

The brown haired, brown-eyed queen, was crowned by Miss Rosie Ray of Ocean Springs, who reigned last year. A bouquet of red roses was presented Mrs. Saux by master of ceremonies, Gay Batson, WDSU-TV.

A graduate of St. Joseph Academy, Miss Saux was active in school functions. She was president of the Library Club, cheerleader at St. Joseph and St. Stanislaus, in St. Stanislaus homecoming court and was a member of Beta Club and the National Honor Society.

The new queen, who received the highest awards in French and Spanish and outstanding achievement in English classes, received quite a bit of applause with her quick replies in both French and Spanish.

Next Friday is last date to register for vote in primary

The political focus shifted this week to voter registration with just seven more days left for the public to qualify to participate in the August primary and November general election.

Circuit Clerk Lamar Otto wrapped up his evening about the county to all outlying precincts Wednesday afternoon but picked up only two or three new registrations at most places. Builozon in his office at the Courthouse was much more brisk on the total of qualified voters climbed closer to the 10,000 mark. Last Tuesday's official count was 9,540.

Deadline to register is 5 p.m. next Friday, July 7, according to Sam L. Favre, Jr., attorney for the board of supervisors and member of the county Democratic executive committee. He explained the law reads registration shall close four months before the general election, which this year is Nov. 7. There had been some question at the Courthouse over whether the deadline was July 8.

Three more candidates in the Democratic primary announced themselves in the Sea Coast Echo this week. Two came out for the state senate race from Hattiesburg with Pearl River and East Central. They are John V. Ladner, son of Dr. John V. Ladner, and John J. Ladner, current alderman in Hattiesburg. A third candidate for county superintendent of education is Kenneth G. McCarty, active of Academy, who held the office three terms previously. Both the Democratic and Republican can count on strong support in most precincts from outlying areas.

TO THE VOTERS OF HANCOCK AND PEARL RIVER COUNTIES

Due to the fact that I have been attending to Legislative duties in Jackson in an attempt to obtain a multi-million dollar industry for South Mississippi, I have been unable to campaign for re-election as I would like to have done. This situation has prevailed for the last two weeks and upon my return from Jackson around June 30th I hope to be able to contact as many voters as possible concerning my candidacy for re-election to the Legislature for Post 172, in the district composed of Pearl River and Hancock Counties.

Sincerely, WALTER J. PHILLIPS

ANNOUNCES FOR Board of Supervisors Beat 5 HANCOCK COUNTY

TO THE QUALIFIED ELECTORS OF HANCOCK COUNTY

Please accept this as my official announcement of my candidacy for the office of Board of Supervisor Beat 5 Hancock County.

I am 50 years old, married to the former Mary Helen Bourgeois of Waveland, Miss., and we have five children, namely: Mary Tom, Sylvan III, Don, Tracy Ann, and Michael.

I am the son of Mr. Jeanne A. Ladner and the late Sylvan J. Ladner Sr. who served the city of Bay St. Louis for 17 years, 12 years as Secretary and 5 years as Commissioner of Public Utilities.

I was educated in the city schools and later at St. Stanislaus College from which institution I graduated in 1934.

I was employed by the Louisville and Nashville Railroad Company from 1939 to 1948, at which time I was elected to the office of City Commissioner of Bay St. Louis over six opponents in the first primary and was re-elected in 1953 again in the first primary over three opponents. I served in this capacity until 1955, at which time I was elected as your Sheriff & Tax Collector over 13 opponents in the second primary. When I completed my term of office as Sheriff and Tax Collector on January 3, 1960, I was re-employed by the Louisville and Nashville Railroad as Clerk-Operator. Then in 1963 I was again elected to the office of Sheriff & Tax Collector over eight opponents in the second primary, the position I am now holding. I am the second person in the modern history of Hancock County to serve two terms as Sheriff & Tax Collector which was a great honor and shows the confidence the people have had in me.

Mr. John Egloff was the other Sheriff & Tax Collector to serve two terms.

I have always been very much interested in the welfare, growth, and good of our county and its citizens. I pledge that if elected your Board of Supervisor Beat 5, you can rest assured that the people of Beat 5 and Hancock County will have the same fair and impartial service that I have rendered in the past.

I welcome an investigation of my record as City Commissioner and as Sheriff & Tax Collector to give the facts as to how I performed and discharged the duties of my office as I am now serving you.

I was the First Tax Collector to set up sub-stations throughout the County to call car tags. This service saved the car owners time and expense of having to make a trip to the Courthouse to purchase their tags.

I think you will agree that my education, training, and my on the job experience as a former City Commissioner (2 terms) and as your Sheriff & Tax Collector (2 terms) will help qualify me to make you a better and more experienced official.

I will offer prompt, courteous, and experienced service. During my term of office in the past I have tried to serve the public in a manner in which I, myself, would like to be served. The office of Board of Supervisor belongs to you, the people, and you should be careful as to whom you elect to handle this important office.

I seek the vote and support of those who want a supervisor who will be fair, impartial, and courteous to one and all.

I PLEDGE TO YOU THAT WHEN YOU ELECT ME YOUR SUPERVISOR, I

1. WILL GIVE YOU AN HONEST, PROGRESSIVE, AND QUALIFIED ADMINISTRATION.

2. PURCHASE A MODERN GARBAGE COLLECTOR TRUCK AND PICK UP GARBAGE AT LEAST ONCE A WEEK.

3. IMPROVE EXISTING ROADS, AND MY MAIN OBJECTIVE IS TO PAVE ALL ROADS IN BEAT 5.

4. CONSTRUCT AND MAINTAIN RECREATIONAL AREAS; PARKS, BOATING LANDINGS, AND PICNIC AREAS.

5. PURCHASE ALL SUPPLIES AND EQUIPMENT LOCALLY AT THE BEST PRICE.

6. INFORM THE PEOPLE OF THE COUNTY ACTIVITIES, FINANCIAL CONDITIONS, AND EXPENDITURES AND NOT ISSUE ANY BONDS WITHOUT THE APPROVAL OF THE VOTERS.

7. TO GIVE OUR TEACHERS BETTER SALARIES SO THAT WE MAY KEEP THEM IN OUR LOCAL SCHOOLS INSTEAD OF HAVING TO GO TO NEIGHBORING STATES AND TEACH BECAUSE OF OUR LOWER PAY COMPARED TO SURROUNDING AREAS.

8. PURCHASE THE NECESSARY EQUIPMENT NEEDED TO MAINTAIN AND KEEP OUR NEW SAND BEACH CLEAN, SAFE, AND MAKE IT OUR GREATEST ASSET TO THE COUNTY. THE GOVERNMENT HAS SPENT APPROXIMATELY ONE MILLION DOLLARS ON THIS NEW SAND BEACH THAT WE HAVE. WE SHOULD KEEP IT CLEAN, AND KEEP THE SAND OFF THE ROADWAY FOR SAFE DRIVING. WE SHOULD FURNISH CONTAINERS SO THAT THE PEOPLE MAY DISCARD THEIR WASTE MATERIALS WHEN THE BEACH IS IN USE, BECAUSE BROKEN GLASS AND CANS CAN BE A HAZARD TO USERS OF THE BEACH.

9. I WILL APPOINT A COMMITTEE OF ONE VOTER (MALE OR FEMALE) FROM EACH OF THE 10 VOTING PRECINCTS OF BEAT 5 AND 2 AT LARGE, AND I WILL MEET MONTHLY WITH THEM TO DISCUSS THE PROBLEMS THAT THEY HAVE IN THEIR NEIGHBORHOOD SO THAT THEY MAY BE REMEDIED.

10. I WILL COOPERATE WITH ALL ELECTED OFFICIALS, CIVIL, RELIGIOUS, AND BUSINESS ORGANIZATIONS AS I HAVE IN THE PAST.

I wish to advise the people of Hancock County that I am not taking any part in the race of any other candidate, and I want it known that I am running my race only. I will not become involved in any other race.

I am appealing to each and every voter of Hancock County for his aid and support on my part record as a public official.

I will attempt to see each and every one of you personally to discuss my platform. If I should fail to see you, please accept this as my request for your vote and support.

A vote for Sylvan J. Ladner, Jr. is a vote for Good Government.

ONE GOOD TERM DESERVES ANOTHER.

Respectfully,

Sylvan J. Ladner, Jr.

"GOOD OLD DAYS"

Mr. and Mrs. Louis Latour were impressed with the salesmanship of Dave Sloan of Gerry Lane Chevrolet, they offered things remembered best.

We were at the Grocery Store shopping when this young man asked us if we didn't want to buy a new car. This took us by complete surprise as we can't remember the last time we were in the Automobile Business asked for business.

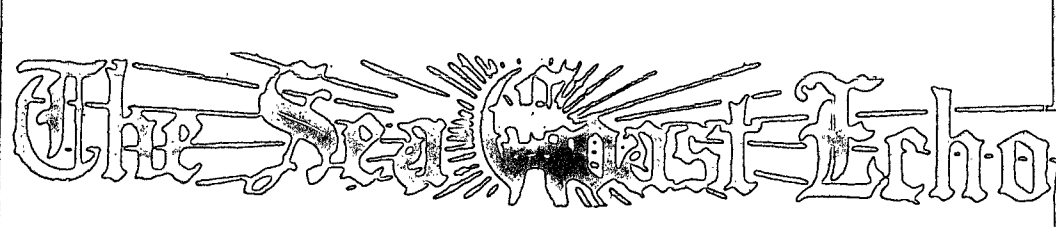

Years ago this seemed the way business was done. Not anymore. Seems you almost have to go out of your way to give some people business. We were so impressed that we went to Gerry Lane Chevrolet the next day. Sure enough, the attitude of Dave Sloan is reflected by everyone there. Try Gerry Lane Chevrolet, especially if you remember the "good old days". Gerry Lane Chevrolet still has the things we remembered and missed.

Watch out, Japan

With the present special session of the Mississippi legislature being devoted to discussing the expansion of the Gulf Shipyards, the importance of facilities in Pascagoula, we thought that our readers might be interested in the anticipated attack on this venture.

With that in mind we read the appraisal made by the Research and Development Center of the Agricultural and Industrial Board as well as the speech of B. Johnson's speech in the legislature.

A close parallel can be made between the conservative new enterprise at Pascagoula and the A. A. Test Facility here in Hancock County. They are proximate each other with a few percentage points.

The R and D Center anticipates that the new shipyard will employ 2,500 Mississippians, plus a few hundred from Alabama, with an average income of \$7,800. The payroll for the new operation would be \$70,000,000. In addition to the current payroll of \$99,000,000. Emphasizing these are minimum expectations R and D estimates a \$4.4 million annual increase in tax revenue from wages and their fiscal entry into the economy. The snowballing effect of the spent dollar is not being considered.

Notwithstanding all these figures and figures some of which we cannot make use of, the most important point brought out by the study lies in the technology proposed for the new shipbuilding addition. The report testifies that is as follows:

"One of the unique features of the new facility is that no shipways are employed and the ship sections are moved from work station to work station, as opposed to fixed shipway erection employed in conventional methods. This allows the work to be moved to the worker in an assembly line fashion and is engineered to provide full efficiency and production effectiveness."

If this new method of putting a ship together proves economical, it may be that American shipyards will get back some of this business that for several years we've been losing to foreign competitors, especially Japan.

Tuesday's coming

From World Book Encyclopedia we learn that the Star and Stripes first flew...

In a land battle on August 16, 1777, when troops under John Stark fought in the Battle of Bennington in southwestern Vermont.

On a U.S. Navy ship on November 1, 1777, when John Paul Jones left Portsmouth, N.H., in the "Ranger."

In a foreign port on December 1, 1777, when Jones sailed into Nantes, France, on the "Ranger," after capturing two British ships.

Over foreign land on January 28, 1778, when John Rathbone of the sloop "Providence" captured Fort Nassau in the Bahamas.

In the Pacific Ocean in 1784 when John Green and the "Empress of China" sailed to Macao, near Hong Kong.

Around the World from September 30, 1787, to August 10, on the 212-ton ship "Columbia" of Boston.

Over a fort in the eastern hemisphere on April 27, 1805, when U. S. Marines captured Derna, Tripoli.

Over a schoolhouse in May, 1812, at a log school at Catamount Hill, Colrain, Mass.

In a naval battle in the Pacific on March 25, 1813, when the frigate "Essex," commanded by David Porter, captured the Peruvian cruiser "Nereyda."

In Antarctica in 1840 on the pilot boat "Flying Fish" of the Charles Wilkes expedition.

In a flag day celebration in 1861 throughout Connecticut. An editorial in the Hartford Courant suggested the state-wide observance.

At the North Pole on April 6, 1909, when Robert E. Peary of the U. S. Navy planted it there.

Will Old Glory float over your house next Tuesday? That's the Fourth of July.

A drunk stopped a passerby and asked the time. The passerby looked at his watch and told him, "I can't figure it out," muttered the inebriate. "All day long I get different answers."

"A Conservative View"

by James J. Kilpatrick

WASHINGTON - One of these days when a definitive biography is written of Judge Hugo Black, it may well be said that June 12 was his finest single day on the bench. In the twilight of his long career, the Alabamian is laying down some superlative law.

Most of us who sit in judicial bleachers, watching their eminences perform on the bench, have tended to classify Black as a liberal activist on the court. Whatever may have supported that appraisal in the past, the judgment plainly demands review and modification. It is a mischievous thing to say so—and Black will fume at seeing the thought in print—but he appears to be pursuing the same course that Felix Frankfurter pursued in his last years on the court. By the time he retired in 1962, Frankfurter had become a great conservative bulwark. Black moves in the same direction.

One of the landmark cases of June 12 was United States v. Wade, in which a majority of the court (a) laid down the rule that a defendant is entitled to counsel at the time of a police lineup, and (b) prescribed new standards for State courts on the admissibility of certain evidence of a defendant's identification. Black went along with the first rule. He dissented strongly on the second.

"There is no constitutional provision upon which I can rely that directly or by implication gives this court power to establish what amounts to a constitutional rule of evidence to govern, not only the federal government, but the States in their trial of State crimes under State laws in State courts. The Constitution deliberately reposed in States very broad power to create and to try crimes according to their own rules and policies."

In Black's view, his brothers are not only whittling away at sound principles of federalism, but also are rewriting the due process clause of the 14th Amendment. For his own part, "I have never been able to subscribe to the dogma that the due process clause empowers this court to declare any law, including a rule of evidence, unconstitutional which it believes to be contrary to tradition, decency, fundamental justice, or any of the other wide-meaning words used by judges to claim power under the due process clause. I have an abiding idea that if the Framers had wanted to let judges write the Constitution on any

such day-to-day basis of theirs, they would have said so instead of so carefully defining their grants and prohibitions in a written constitution."

In the companion case of Savannah v. Deane, Black expanded on his theme. His colleagues were laying down a constitutional formula which would require "this court's judgment of what is right for what the Constitution declares shall be the supreme law of the land." They were asserting power "to determine what the Constitution should say instead of determining what the Constitution does say."

Black's dedication to strict construction appeared most eloquently in the masterful dissent he filed in *Burger v. New York*. This was the case in which a five-man majority held that New York's carefully drawn wiretapping law was unconstitutional. It was the single worst decision of the 1966-67 term. "As I see it," wrote Black, "the difference between the court and me in this case rests on different basic beliefs as to our duty in interpreting the Constitution. This basic character of our government was written in few words to define governmental powers generally on the one hand, and to define governmental limitations on the other. I believe it is the court's duty to interpret those grants and limitations so as to carry out as nearly as possible the original intent of the framers. But I do not believe that it is our duty to go further than the

framers did on the theory that the judges are charged with responsibility for keeping the constitution 'up to date.'"

In still another case, this one involving an interpretation of the National Labor Relations Act, Black again spoke up for judicial restraint. His activist brethren, he thought, were usurping the responsibilities of Congress. If the rules of labor relations were to be changed, in order to give fresh weapons to weak unions, it was not the court's job to do it.

Yet Black was being entirely consistent. In *Gilbert v. California*, when he asserted his own conviction that a "liberal construction should always be given to the Bill of Rights." His point was that when the Constitution lays down a positive, unequivocal commandment, that commandment must be obeyed all the way. An accused person cannot be compelled to incriminate himself. In Black's view, there is an end to it. Nothing more needs to be said.

Black's reputation as a judicial liberal, after 30 years on the bench, is too firmly entrenched to be easily upset. In the popular view, he doubtless will remain so classified. But through most of this term, and especially on June 12, Black was expounding the soundest conservative doctrine. With Thurgood Marshall about to come on the court, Black's latter-day conversion—if that is what it is—merits a round of applause.

Merry-Go-Round

By Drew...

WASHINGTON—President Johnson once said that he would talk to anyone at any time to talk to anyone who was in the Vietnam war.

Last Friday, he flew to Los Angeles to meet with a group of anti-war demonstrators. But on the same day he was in New York, little more than an hour's drive from the White House, he met with a group of anti-war demonstrators. He met with a group of anti-war demonstrators. He met with a group of anti-war demonstrators.

As this column reported earlier, Johnson met with a group of anti-war demonstrators. He met with a group of anti-war demonstrators. He met with a group of anti-war demonstrators. He met with a group of anti-war demonstrators.

On the other hand, Kooygin knew that Johnson was not a man who would be easily intimidated. He knew that Johnson was not a man who would be easily intimidated. He knew that Johnson was not a man who would be easily intimidated.

Thus the delicate maneuvering over the moon was what would be discussed.

Moscow unhappy with Nasser

Russia, incidentally, is furious with Colonel Nasser's gesture made by President Podgorny in visiting Egypt.

First, Moscow was extremely irritated by Nasser's that U.S. planes were assisting Israel against Egypt. Second, Nasser's big lie technique was not effective. It stirred up fanatical rage against the United States and cut off Arabian oil supplies to the West. It also stirred up fanatical rage against Russia. It also stirred up fanatical rage against Russia.

One result has been that Nasser has signed a treaty with the Red Chinese ambassador in Cairo under which he agreed to supply arms to Egypt if Russia doesn't. It's a credit deal—since Nasser has no money to pay for the arms—gives Red China another strategic foothold on the African continent.

Nasser, of course, is trying to ape Premier Chou, playing off Red China against Russia and hoping to end up with the U.S.

U Thant and flying saucers

Secretary General Thant of the U.N. has confirmed that he considers flying saucers—UFO's—the most serious problem facing the United Nations today.

U Thant not only arranged to have Dr. James H. Brown of the University of Arizona, a strong believer in the existence of flying saucers, address the U.N. Outer Space Committee, but considered the matter so important that he arranged for this talk even when the United Nations was in session.

Congressional ethics

This column is frequently asked whether Sen. Dadd is typical of the Senate; whether unethical conduct is rampant in both Houses of Congress. Our answer is that there is a little dishonesty in the Senate; more in the House.

We can count possibly five Senators who have been caught in one or more of the following: (1) taking kickbacks from contractors; (2) taking kickbacks from contractors; (3) taking kickbacks from contractors; (4) taking kickbacks from contractors; (5) taking kickbacks from contractors.

The other five Senators either operate law firms or have other private businesses. They are not in the Senate to make money. They are in the Senate to serve the people.

However, there is no Senator in our opinion who is as corrupt as Sen. Dadd.

In the House of Representatives, where members are elected every two years, the needs for campaign funds are greater, the temptations greater, and the chances of dishonesty lower. The House has much greater need of ethics than the Senate.

Long in trouble

Near to Sen. Dodd, the greatest sufferer from the current debate is certain to be Sen. Russell Long of Louisiana.

Long, who started with a very promising career in the Senate, has now antagonized his fellow Senators by his long and rambling speeches. He has antagonized his fellow Senators by his long and rambling speeches. He has antagonized his fellow Senators by his long and rambling speeches.

As a result of Long's rambling speeches, the Senate has been unable to pass any legislation. The Senate has been unable to pass any legislation. The Senate has been unable to pass any legislation.

In addition, Sen. Long has hurt himself in his own state. He has hurt himself in his own state. He has hurt himself in his own state.

On the Fourth

Our readers write...

Editor, Sea Coast Echo:

I came across this idea in a magazine and I thought it was so good that I thought you might run it in your paper this week. It comes from Rev. Harry Miller of the Church of Christ, and it is a very good idea.

July 4 is the birthday of this nation. This birthday finds it a desperately sick nation, sick with death internally with moral, political and spiritual malnutrition.

There is only one possible cure. This cure is found in 11 Chronicles 7:14 - "If my people, which are called by my name, shall humble themselves and pray, and seek my face, and turn from their wicked ways, then will I hear them from heaven, and will forgive their iniquity, and will heal their land."

So, as a birthday gift to our land this year, I am asking to join Christians in prayer on July 4 for the forgiveness of the sins of this nation, and for the healing of this land, and for the work of revival by the Holy Spirit.

Sincerely,
Mrs. F. R. Miller

HIGHER

THE HIGHWAY REPORT YOU DIDN'T SEE!

Has been called "THE SECRET SCANDAL" of the Mississippi Highway Department.

MONEY FOR MILES IN MISSISSIPPI

PUBLISHED FACT

PARAGRAPH 11

"HIGHWAYS IN MISSISSIPPI...ACCOUNT FOR A MAJOR PERCENTAGE OF THE STATE'S TOTAL BONDED INDEBTEDNESS; AND DESPITE CURRENTLY HIGH REVENUE RATES, THEY WILL NEED ADDITIONAL FINANCIAL SUPPORT IN THE YEARS AHEAD...

HIGHER TAX RATES IN THIS AREA MAY EITHER OBTAIN OR MINIMIZE THE NECESSITY FOR BORROWING."

WHY

PARAGRAPH 12

"IF MISSISSIPPI IS TO BE IN A POSITION FINANCIALLY TO PROVIDE THE TYPES OF HIGHWAYS IT'S PEOPLE WILL NEED AND DEMAND IN THE CRITICAL YEARS TO COME, ESPECIAL EFFORT SHOULD BE EXERTED TO ELIMINATE WASTE, TO PLUG LOOP-HOLES, TO ERADICATE

INEFFICIENCIES..."

Bureau of By

Bureau of School

Unit

MISSISSIPPI STATE HIGHWAY DEPARTMENT AND THE U.S. BUREAU OF PUBLIC ROADS

To The Citizens of Mississippi:

...of course the Legislature won't support highways. How can they under these conditions? They are sworn to protect your money, not "WASTE" it.

(continued opposite)

PUBLISHED FACT

DEFEAT

COMMISSIONER JOHN D. SMITH!

...of course the Legislature won't support highways. How can they under these conditions? They are sworn to protect your money, not "WASTE" it.

fact that even "HIGHER TAX RATES" will be required to support Mississippi's Highways. And WHY? In the very next paragraph (12) the answer is clear. "WASTE", "LOOPHOLES" and "INEFFICIENCIES" costing you, the taxpayer, thousands of tax dollars OUT OF YOUR POCKET every year! "WASTE" is costing you highways you badly need! "LOOPHOLES" are costing you highway repairs you badly need! "INEFFICIENCIES" are costing lives on bridges and right-of-ways badly maintained! WHERE MUST THE BLAME FALL FOR THIS ACKNOWLEDGED FAILURE? Of course, the answer is clear

WHAT IS NEEDED TODAY IS A MAN SWORN TO SERVE THE PEOPLE."

Respectfully,

W. H. PYRON

Say NO to "WASTE", "LOOPHOLES" and "INEFFICIENCIES!"

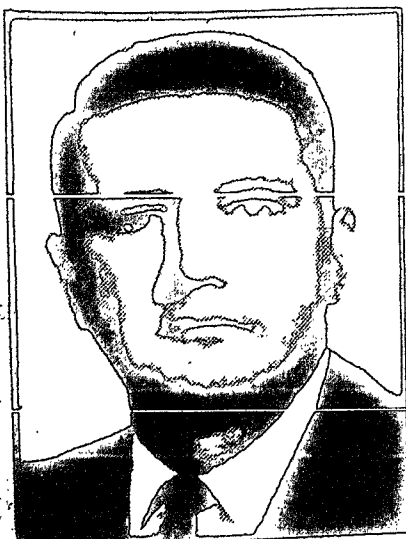

ELECT W.H. "SHAG" PYRON Highway Commissioner Southern District.

PYRON MUST WIN!

CAN YOU AFFORD HIGHER TAXES?

BETTER GOVERNMENT IS YOUR RESPONSIBILITY!

Ports ask opinion Zone shift OK'd for offices

on access road bid

Legal technicalities caused a delay in the award of a low bid for a new access road to the Hancock County Port and Harbor Commission's new office building. The commission's attorney, General H. J. Schmitt, is now reviewing the bid.

The bid was for a 1.5-mile access road from the highway to the new office building. The bid was submitted by the firm of J. H. Schmitt, Jr., of Bay St. Louis.

3 mishaps listed on U.S. 90

Seven persons were injured in two separate accidents on U.S. 90 last Wednesday, according to Highway Patrolman Wayne McMurray.

The first occurred about four miles east of Pearl River. Mrs. James Randall, Jr., 47, and J. Randall, III, 3, of Gulfport were treated at Hancock General and transferred to Gulfport Memorial Hospital.

Mrs. Randall suffered a fractured leg and the child a laceration of the scalp.

McMurray said the pair were in an automobile traveling west which collided with a tractor-trailer. He said the truck overtook off the highway to try and avoid collision.

In the second accident an automobile traveling east was in an almost head-on collision with a pickup truck about one-half mile west of the truck accident. Both vehicles were described by McMurray as "total losses."

Injured and admitted to Hancock General Hospital on the night of the accident were Mrs. A. L. Schmitt, Jr., of New Orleans, driver of the car; Mrs. E. P. Cozart, New Orleans, a passenger in the car; Reginald Mitchell, 26, Rt. 1, Box 217, Picayune, driver of the pickup; Rodney Mitchell, 21, same address, and Richardson Sanders, 23, Picayune, both passengers in the pickup. Sanders was treated for lacerations and released.

Four automobiles were involved in another accident on Tuesday by the Wheel Inn Restaurant on US 90.

A car driven by Mrs. Maecia Singleton was traveling east when it veered into the work zone and struck a truck. The driver of the car, A. K. Martinovich, driver of a car traveling west, tried to pull over to the side of the road to avoid collision. His vehicle finished up in the work zone and was damaged. A third car driven by Henry Holtzman, The Singleton vehicle continued down the highway and hit a car driven by Earl C. Lovett of Mobile, Ala. in which the wife was a passenger. This vehicle was damaged to the extent of approximately \$700. Mrs. Singleton was charged with reckless driving as a result of the accident.

All involved were treated at and later released from Hancock General. Martinovich, whose car was damaged beyond the worth of fixing, suffered a broken rib. Holtzman was taken up and released. Lovett's car did the Alabama couple.

A change in the zoning classification at Harbor and Pearl River Avenues to permit erection of a professional office building was recommended by the city planning and zoning commission after a public hearing Tuesday night on the application of Dr. Charles C. C. The commission also considered a long-term plan for the area around the new office building. The plan called for a new road, a new parking area, and a new entrance to the area.

City Hall has appointed W. W. Weber, president of the Hancock County Chamber of Commerce, to the planning body to fill the post left vacant by the resignation of James Fillingame.

In reorganizing, Marochino was chosen chairman; Fred Wegner, vice chairman, and Anna Kargulka, secretary.

On the zoning change, the planning body recommended to the Hancock County Board of Commissioners that they accept the zoning change.

Where Your Ship Comes In

Under the auspices of the state's Agricultural and Industrial Board and the Mississippi Power Company, a number of prominent underwriting bankers and industrialists have recently toured the Mississippi Gulf Coast.

Naturally, they were impressed by what they saw and heard in an area sharing in the unprecedented industrial expansion of the state.

Speaking for Mississippi, Governor Paul Johnson reminded these guests, "Capital investment in new and expanded industries over the past three and one-third years exceeded \$600,000,000." He said, "There has been no comparable period of industrial expansion in the 150 years of our statehood."

Within forty months, 560 new industries or plant expansions have been announced, making more than 40,000 new jobs available. And developments in Mississippi are in their early stages.

Sharing in this progress, the Mississippi Gulf Coast

reaches an all time peak in its economy. Within one week, Standard Fruit & Steamship Company trebled its banana importation operations at the Port of Gulfport. And National Tank Company announced the location of a 300-employee plant on the Harrison County Industrial Seaway.

With NASA in Hancock County and Keesler Air Force Base at Biloxi, along with all the other diversified activities in this thriving community, our visiting financiers and industrialists were impressed with the economic potential of this growing Gulf Coast.

A prosperous present and an even more promising future present to us all a challenge and opportunity to make this Gulf Coast in reality the place "Where Your Ship Comes In."

Given good government, enlightened leadership and the wholehearted cooperation of an enterprising, law-abiding citizenship, this favored land could become the answer to the many dreams and labors of a worthy and resourceful people.

First to reach goal

Hancock Southern alums hit record

The Hancock County Chapter, University of Southern Mississippi Alumni Association, became the first of the 69 organized chapters to reach the assigned membership goal for the 1967-68 year. The goal of 67 was reached on June 24.

Credit for this feat goes to Nicholas M. Haas, county membership coordinator; Dick Thomas, chapter president; Mrs. Joanne D. Williams, secretary-treasurer; and Bob Hubbard, past president, according to Powell C. Ogilvie, executive secretary of the general association at Hattiesburg.

This quarter called most of the members by the personal contact system. Each person in a member of the Bellerose Club which represents those who have called 10 or more members. This is the only chapter having that many members in this club in date, Ogilvie noted.

This membership record is also a tribute to Michael Haas of Bay St. Louis, who is president of the general alumni association. Early in his administration Haas set a membership goal of 10,000 for the 1967-68 year. This represents a 20 per cent increase over the previous year. Purpose of this goal was to coincide with the golden anniversary of the alumni which will climax at the 1967 Homecoming on Nov. 4. The Hancock Chapter set its sights on reaching their goal prior to the annual beginning of the year on July 1.

"Although we have reached our goal for this year, we are anxious to call several additional members from the Hancock Chapter," Thomas stated. "Let's continue to show the rest of the association that we are behind our president and his program for this special year," he added.

Put markers on new city boundaries

The concrete posts designating corporate limits of the City of Bay St. Louis were moved last week as the result of the increased area of the city due to recent annexation. The markers were placed six years ago after Lucien Raymond re-surveyed the city's boundaries and recovered the monuments established by the late E. Steele Drake, civil engineer, in his survey of 1922.

Due to the importance of the original survey, the steel legal descriptions of surrounding properties, they were left intact and are in position, flush with the ground. Each is now marked with painted iron stakes projecting about 18 inches above the surface.

A complete record of original marks with references to several land marks will be kept on permanent file at City Hall.

\$200 per month from Hancock County for working in Gulfport. Sound nice?

That's the deal Mrs. Charles A. Russ, Jr., seems to have out in Pearllington in Beat 1. Courthouse records show Mrs. Russ is drawing this sum and, indeed, has drawn this sum for several years. I have proof she has in fact been engaged during some of this period as a full time employee of a Gulfport business establishment.

What was the county money for?

You guess!

Officially she was on the taxpayer's payroll for the full time performance of the duties of Veteran's Service Officer, in the first instance, and later as the 'secretary for Beat 1.'

Is this what's arranged in those secret sessions in the courthouse Mr. H.G. Doan?

John V. Ladner announces for State Senate

Hancock, Pearl River and Stone Counties

To the voters of Hancock, Pearl River and Stone Counties:

I wish for you to consider this as my formal plea for your vote and support in the coming primary on August 6th for the office of State Senator.

I am an Independent Candidate and claim no political affiliation with any other candidate or political faction in the said counties.

My platform to the voters is that if you elect me to represent you for the next four years I will work untiring hours to put the State on a sound financial basis and to put our educational system on a sound basis with our other departments.

There is a lot of work that needs to be done for the future of Mississippi. I am and will work toward that end. My dedication is to you the people of this area.

Remember this, "United we stand, divided we fall". Let's not fall along the way-side of prosperity but unite as all our efforts to make this the best that it is, the best in the nation. Will appreciate your vote and support. Thank you from, John V. Ladner, wife and seven children.

TO THE CITIZENS AND VOTERS OF HANCOCK COUNTY
I seek the office of County Supt. of Education fully confident that I have the ability, courage and educational experience necessary to provide the kind of leadership needed for this important office. Allison is good guy- without big white hat

Seth Allison of Southern Realty played ball like a Texas star Wednesday, Volting "Don't fence me in," he eyed the city, swung his bat and powered a ball into the wide blue yonder.

The resultant home run, which also brought in another, showed the realtor well ahead on territorial gains against their business acquaintances, Travira Construction. Final tally was SR 10, Travira 0.

The land collector, with Don-ald Caldwell on the high ground, hit Bruce Cox 14 times. Cox was charged with the loss. Travira's crew got the word on Caldwell's pitches five times but were unable to float a hand-icapped stream enough for oration of oscar.

In the second tilt that night Donald Street of Strogmca Inc., emerged as winning pitcher when Chateau Sea deflected Anthony's 11-3.

Each team loyal pegged in the late department, with 15 each, but the Big House men headed the folding chairs with greater dexterity and were responsible for Anthony's pitcher, J.E. Lofoco, being charged with the loss.

Southern Realty proved a point on Friday when they showed Lofoco's Lounge of Lake-shore that not all customers were friendly. The SR base runners almost hung a For Sale sign on the scoreboard when and result addition showed final scores of 12 for them and only 4 for the visitors from the country. Hitting well, the realtors doubled their oppo-sition's efforts in this depart-ment and clobbered the pill 18 times into paydirt versus Lofoco's 9.

Claude Yarborough had the

Knock-Knock

for 1st prize

Five out of town teams joined a similar number of local squads Sunday to participate in the St. Louis' first double elimi-nation softball tournament to be played in one day.

Southern Realty won the af-fair sponsored by Travira's Knock-Knock and played in the St. Stanislaus Stadium and the Sahara Field back of the col-lege.

Travira Construction lost one game to meet the underdog realtors in the final but could not muster enough power to beat the arch rivals. Final score was SR 6, Travira 3.

Other local teams involved were Lofoco's Friendly Lounge, Anthony's Man's Wear and Chateau Sea.

Out of town teams were Pearl River Cats, Piquette; Tom Brown's Oldsmobile, Sil-dell; General Electric MTF; Coast Wholesale and Super Tire Mart both of Long Beach.

An each team had to be de-feated twice to be eliminated from tourney to a second game would have been required had Travira won the first final.

This was because SR beat Travira in the opener and carried on to go into the final unde-feated. Travira, except for the SR tilt, also remained unbeaten.

Dough girls

win opener in

Elwood Park

Like they were punching holes in doughnuts the Dough Girls of the Women's Softball League drove runs all over the field to win the league's open-ing tilt last Tuesday in Elwood Park.

Ton's Nursery girls came close and the final score was 18-12. Jeann Howard was the pitcher and Vivian Sautter charged with the loss.

Mario Pecorella put jolly on the dough by providing a home to drive in two runs.

In the second tilt, Mary's Amusement, with Casey Le-dner on the mound, pin-balled their way through Jack's Broad-view aqued and rang up a 17-6 score.

The cake girls couldn't seem to get the right spring tension and allowed quite a few balls to roll all over the playing surface before spinning them into their gloves.

A home run, that brought scores up by two, was projected into the sky by Cheryl Ma-ron of the amusement group.

Last Thursday Mary's o-gain demonstrated their initial strength by out placing the Ton's Nursery girls, 7-1.

Broadview tangled with their opponents, the Dough Girls, and won 5-2.

WANTED TO BUY AT HOME-Mrs. and Mrs. John Klein wanted to buy at home and also get a good price and service on a car and found out that Gerry Lane was the place to get it.

We have been living in Clearmont Harbor for the past eight years. We have been hearing the advertising and greatly enjoying the sales and service of our new local Chevrolet Dealer. We wanted to buy here at home if we could find the car that would serve our purpose. Well, Gerry Lane was helpful and courteous. We were happy to spend our money with someone who appreciated our business.

Legion tilts Saints' halo in Dixie League

"You don't let what you can't see."

This old baseball adage held true last week when two teams of the Dixie Boys League took five days to play one game.

It all came about when the curfew hit the American Legion vs. Paboy Drug Saints game on Tuesday with the curfew at 9-3 after the lighting.

The match was continued Saturday but even then it was tough and so, both crews seemed to have again the interval practicing and the game did not back again after the curfew with the curfew at 4-4. In the eighth the Legion gang talked it

up, put on some pretty decorated expressions and played three runs across the plate. The Saints gave it the old college try but had to settle for one run when the Legion really stepped down on hitting. Final score was Legion 7, Saints 6.

Winning pitcher was Roger Mayo while Ricky Albit was charged with the loss, both were complimented on display of fine ball handling.

The Braves hit the field in the first inning and beat the Legion 7-6. This was the Legion's play-off first league loss. Winning pitcher was Ron Schaefer and Roger Mayo.

Gulf National fleeces Dixie Merchants

The "bombs of the bankers" had another round last week when Gulf National walked their way through Merchants in Dixie Youth League baseball match.

The Merchants' match 3 deposits to the Merchants 9 to win the round. Willie Carter, pitching for the Gulf Np, spun some pretty fancy deposits across the plate for a call of "strike". He was credited with the win and it was noted he pitched a 2 hit game.

Douglas Harrington, charged with the loss, gave up a few free balls. This combined with some fielding errors for the Merchants score four times in the first frame.

Alvin LaFayette of Richmond was credited with the pitching win in the second game Friday, his team defeated the Merchants 4-3. Dave Richardson was losing pitcher.

On Monday, in two fairly quick games, Gulf National was 4-3 over the Merchants with Carter again on the hill. Roy Richardson flipped the pill for the "Spirit of America" group. Tommy Thornton looked and later on the afternoon when he was charged with the loss in a game against Richmond. His team, the Hancock Bankers, came out on the challenger and of an 8-3 score. Dave Green pitched up the home and a big part on the back.

LOOK TO THE FUTURE

R.G. "MANNY"

HUBBARD

Supervisor..Beat 5

During the next few weeks I will review some of the improvements and accomplishments which have been made in Beat 5 and Hancock County due to CONSTRUCTIVE SPENDING and SOLID MANAGEMENT of our tax funds during the time I have served as your Supervisor. The main thing I want to point out is that these accomplishments, and today's sound financial condition of Hancock County were only made possible by EXPERIENCED, PRUDENT MANAGEMENT, coordinated with foresight.

Because of the opportunity for expansion and growth which lies ahead, and the certain future in business, it is essential that the affairs of Hancock County be managed by someone who is known by experience to have financial responsibility, and whose policies in public office are well known.

Sound leadership in peace by ACTIONS...not words, in all humility and sincerity, during the years I have served on the Board of Supervisors, I have worked unceasingly to bring about a more progressive government in Hancock County, putting forth my best efforts to serve you with foresight in the expenditure of public funds, and good judgment in dealing with problems which affect your welfare. Your confidence in my integrity and leadership, and my confidence in your confidence, could be made and a sound financial condition resulted, and now in the determination to persevere, although when I took office there was practically nothing in the Sewall and Beat 5 funds, sound management of your tax dollar made it possible to obtain record accomplishments.

Next week I will let you know of the progress that has been made, as well as a LOOK TO THE FUTURE.

I PLEDGE

HANCOCK
YOUTH
ASSISTANCE

When I assume the duties of the office of Sheriff of Hancock County, I pledge that your children will be one of my main concerns.

In the entire field of law enforcement, I believe your tax dollar is more wisely spent on crime prevention than on prosecution. This principle is particularly applicable to the youth of our county.

As your Chief Deputy Sheriff during the past 3 1/2 years, I have worked very closely with the Hancock County Youth Court. I will appoint a Youth Court Deputy to work with the court and I will personally take the lead in promoting programs and activities for our children. Since I have four young children of my own, I have first hand knowledge of the needs and desires of young children.

Elect a Sheriff who will dedicate himself to prevention of offenses by children — rather than prosecution!
